

Md. Mohiul Islam was born in Kushtia District. He completed his Bachelor of Science in Electrical and Electronic Engineering from Bangladesh Institute of Technology, Rajshahi (RUET), building a strong technical foundation early in his career. To complement his engineering background, he later earned an MBA in Management from the University of Dhaka, strengthening his skills in leadership, administration, and strategic decision-making.

He was selected through the highly competitive 27th BCS (1st Result) for the Railway Engineering Cadre and joined the Ministry of Railways. He is currently serving in Bangladesh Railway, where he applies both his technical expertise and management insight to support the development, operation, and modernization of the national railway system.

With a balanced blend of engineering depth and managerial perspective, Md. Mohiul Islam represents a new generation of railway professionals who focus on efficiency, safety, and long-term infrastructure development for the country.
