

Railway Training Academy

Halishahar, Chattogram

On **18 January 2026**, the newly joined officers formally reported to the **Railway Training Academy** to commence their foundational training program.

Reporting

The day began with official reporting at the Academy office within the stipulated time. The trainees submitted their joining letters, and other required documents as per the Academy's instructions. Attendance was recorded, and each officer was assigned a registration number for academic and administrative purposes. The reporting process was conducted in an orderly and disciplined manner, reflecting the professional standards of Bangladesh Railway.

Registration

Following reporting, the registration formalities were completed. Personal details, service information, and contact records were verified and entered into the Academy's training database. Identity cards and course schedules were issued to the trainees. Necessary guidelines regarding hostel accommodation, library facilities, classroom discipline, and evaluation procedures were also briefed during this session.

Introduction with Academy Officials

An introductory session was arranged with the senior officials and faculty members of the Academy. The Rector warmly welcomed the officers and emphasized the importance of integrity, punctuality, technical competence, and teamwork in railway service. Heads of different departments introduced their respective training modules and outlined the structure of the course, including lectures, practical sessions, field visits, and examinations.

The session provided an opportunity for the trainees to introduce themselves, share their academic and professional backgrounds, and interact with fellow officers. The environment was cordial and encouraging, setting a positive tone for the training journey ahead.

The day concluded with a clear understanding of the Academy's expectations and a renewed commitment among the officers to uphold the values and responsibilities entrusted to them in the service of Bangladesh Railway.
