

AHM Salim Reza was born in Natore District. He completed his undergraduate studies in International Relations from the University of Dhaka, gaining a strong understanding of governance, policy, and institutional affairs. He later earned an MBA from Khulna University, strengthening his expertise in management, finance, and organizational leadership.

Before joining the civil service, he built a successful career in the banking sector with EXIM Bank PLC, where he served as Branch Manager and later as Senior Assistant Vice President. In these roles, he was responsible for branch operations, credit management, business development, and team leadership, gaining deep practical experience in financial management and customer-focused service delivery.

He was later selected through the highly competitive 27th BCS (1st Result) for the Railway Traffic & Commercial Cadre and joined the Ministry of Railways. He is currently serving in Bangladesh Railway, where he applies his strong background in management, finance, and commercial operations to improve efficiency, service quality, and revenue management within the national railway system.

With a rare blend of public policy insight and senior-level banking experience, AHM Salim Reza brings a commercially informed and service-oriented perspective to railway administration and public service.
